Metal Bike Vault[®]

COOL CLIMATE BICYCLE LOCKERS

Go north with this product. While supplies last, we are offering our cool climate Bike Vault series locker in black! Same design as our grey Bike Vault but at a more affordable price.

The Metal Bike Vault[®], is a long-term bicycle storage solution that provides the optimal level of security. Each locker is stackable to increase the number of bikes per space for all bike sizes. Metal Bike Vault's easy-to-install knockdown design helps meet tight spec deadlines with shorter delivery times, can reduce shipping costs and is less of a hassle to stage or move.
